## PRESIDENT CENSURED FOR ATTACK ON NEWSPAPERS

Should His Desires Be Gratified It Will Set a  
Dangerous Precedent in This Country.

(By Tar, Special Correspondent The Daily Sun.)

WASHINGTON, D. C., March 1.—No one of President Roosevelt's acts has ever drawn the same measure of condemnation from the country as has his action in inciting his Attorney-General to plunge the Government into proceedings against newspapers that have criticized the Roosevelt administration.

This view is not over-estimating the situation if the comments of the leading newspapers of the country and of prominent men here in the National capital may be considered thermometers reflecting the sentiment of the nation. Many of the President's critics are personally hostile to the particular newspapers involved.

Some of the President's best friends say he has made the greatest mistake of his career in attempting to drag Editors Pulitzer and Smith to this city for trial, and regret that he ever embarked in the enterprise. These critics do not assert the editors were right in charging there was grafting in connection with the purchase of the Panama canal, but that the President is setting a precedent that may be used by succeeding Presidents to "gag, terrorize and even drive out of existence newspapers that fall under their displeasure." The danger which lurks in the precedent being established by the President, it is pointed out, is that newspapers that may have reason to believe that an investigation should be made into some transaction to determine whether the Government was defrauded will hesitate to agitate the matter because of the example now being made of his critics by President Roosevelt.

There is much discussion as to whether the prosecution will insist in its attempt to have the defendants brought to the District of Columbia, where the President wields a strong influence on judges. It is argued Federal judges not only owe their appointments to the bench to the chief executive, but must look to him for any further promotion. President Roosevelt will of course not be in office when the defendants in the libel cases are tried, but it is believed the incoming President will take up the matter where the outgoing one leaves off, inasmuch as the President-elect is pledged to the Roosevelt policies. The defendants believe they would stand little chance if forced to stand trial in the District of Columbia.

In this connection it has been pointed out that in the case of Frank B.

Noyes against Charles A. Dana in 1895, Mr. Noyes was then a resident of the District of Columbia, but that not one of the men named in the indictments brought by the Federal grand jury here lives in Washington. Mr. Roosevelt's legal home is in Oyster Bay, N. Y. His brother-in-law, Mr. Robinson, lives in New York City. President-elect Taft and his brother Charles are legal residents of Cincinnati. Elihu Root and Mr. Cromwell are legal residents of New York.

It is proposed to bring the indicted men to the District of Columbia for trial, although not one of the men alleged to have been libeled has legal residence in Washington.

As to the alleged threatened invasion of the liberty of the press in the proceedings, reference is being made to the quoted words of Elihu Root, which were delivered in court when the effort was made thirteen years ago to have Mr. Dana extradited to Washington:

"Great constitutional provisions," said Mr. Root, "have to be applied in accordance with the continually changing conditions of society, of political discretion and of political freedom; and it would be a great limitation of the freedom of the press in this country to say that every editor in every city and State is liable to be taken to any part of the earth where his papers may have to go and tried over and over again, hundreds of times, perhaps, for a single article."

"How can there be freedom of the press if there exists the arbitrary power to punish all over the length and breadth of this land which is contended for by the application of this law in England and by my friends on the other side?"

Judge Brown in deciding that Mr. Dana could not be extradited, quoted from Judge Cooley's "Constitutional Limitations" as follows: "It would be a singular result of a revolution where one of the grievances complained of was the assertion of a right to send parties abroad for trial if it should be found that an editor may be seized anywhere in the Union and transported by a Federal officer to every territory into which his paper may find its way, to be tried in each in succession for offenses which constituted in a single act not actually committed in any of them."

Almost without exception the leading newspapers of the country are denouncing President Roosevelt's new

enterprise. The position of The Philadelphia Inquirer is particularly interesting in view of the fact it has been one of the strongest Roosevelt organs in the country.

"President Roosevelt, in his attitude towards The New York World," says The Inquirer, editorially, "has assumed a position which is extremely dangerous to the integrity of the constitution and which we cannot think can be sustained by the supreme court. He has called to his aid the Attorney-General of the United States and has brought into play all the power of this Government in an effort to prove that any newspaper that may offend an administration can be terrorized and practically suppressed."

"If an Attorney-General, at the instance of a President, can reach out at any time for any newspaper that prints something that the President does not like, then are we indeed coming to methods that would make of the constitution a torn and tattered instrument, powerless to protect freedom of speech and of newspaper discussion?"

## MISS GILES AND CO.

Will Appear at High School Auditorium on March 9th.

The Christine Giles Recital Company will appear at the Auditorium on the evening of March 9th. This company is composed of three metropolitan artists who have been tried and not found wanting. Miss Giles appeared at the Gainesville Chautauqua once and won great popularity. She has successfully perfected the unusual accomplishment of playing artistic viola obligatos to her own soprano numbers. Miss Evelyn Lewis is an entertainer of rare personality and ability. She possesses unusual natural gifts developed to a marked degree. Mr. Leon Batchelder is a flute and piccolo artist whose fine tones and perfect command of these instruments has brought him the highest praise from the leading critics.

These clever and versatile artists will present an evening's program consisting of soprano solos, with violin and flute obligatos, violin, flute and piano trios, humorous and dramatic readings, with musical accompaniment, and flute and piccolo solos.

If its worth more to someone else than to you—no matter what it is—a want ad. will be a good investment.

## STATE FAIR JUDGES AWARD COUNTY PRIZES

DeSoto Carries Off Two Grand Prizes While Marion Wins in Middle Section.

TAMPA, March 1.—The awards for grand division and county prizes at the Florida State Fair were made Saturday night as follows:

The grand prize of \$750 and the sectional prize for the best exhibit from a South Florida county (\$500) went to DeSoto county, which makes that county the winner of \$1,250, and it is generally conceded that DeSoto richly deserved the first place among the counties exhibiting.

In the awarding of the other sectional prizes (\$500 each) that for the middle section of the State went to Marion, the western to Washington, the eastern to Dade, the last-named county having no opposition from its section of the State.

The individual awards are to be announced today. The judging was based upon the number of points attained by the several counties in the various departments for which premiums were offered, and the results as given by the judges are shown below:

Alachua county—Cotton 80, horticulture 40, agriculture 60; total, 180.

Monroe county—Woman's work 100; total, 100.

Hernando county—Woman's work 80, tobacco 60, cotton 30, horticulture 50, industrial 40, mineral 100, agriculture 60, vegetables 25, native woods 100, education 90; total 635.

Orange county—Horticulture 60, poultry 10, vegetables 15; total, 85.

Lee county—Citrus fruits 28, preserved products 50, industrial 70, vegetables 45; total, 193.

Dade county—Citrus fruit 14; total, 14.

Note—No appropriation was made by Alachua county for the Fair this year, and the exhibit made was through the personal efforts of Major John W. Tench, who is to be congratulated on the success made with the means at his command.

## National Capital Is in Readiness for Inaugural

WASHINGTON, March 1.—Inaugural week was ushered in yesterday with Washington ready with gaily bedecked buildings, newly erected stands and clean-swept streets, for the reception of the thousands of American patriots who will come here to witness the induction into office of President Taft next Thursday.

The advance guard of the unattached delegations began arriving Sunday at the vast union station, where an augmented force of 125 special policemen, recruited from practically every large city in the country, went on duty for the purpose of preventing the ingress of pickpockets and other undesirable known to them.

A number of the organizations which will participate in the inaugural parade are expected to arrive today.

President Roosevelt attended church Sunday morning for the last time as

chief executive of the nation, going to Grace Reformed church, where he has been a regular attendant since he first came to Washington. He walked to the church, accompanied only by two secret service men. A large crowd had gathered at the entrance and greeted him as he passed quickly inside. After the service he tarried near the door to say good-bye to several close friends. He reached the White House just in time to greet Mr. Taft, who made his way there directly from his church in an automobile.

In accordance with custom, Mr. Roosevelt yesterday issued a proclamation calling the Senate in extraordinary session at noon on March 4 next.

The session is to be held for the purpose of receiving "such communications as may be made by the executive," among them probably the nomination of his cabinet officers.

## Tennessee Senators Are to Remain in Kentucky

HOPKINSVILLE, Ky., Mar. 1.—Eight Democratic Senators who on Friday broke the quorum in the Tennessee Legislature and came to Kentucky have abandoned any intention of returning to Nashville on Friday. They said yesterday that they would remain in Hopkinsville until the General Assembly adjourns. Assistant Sergeant-

at-Arms Yeaman is keeping them under surveillance.

The Senators assert that their sole object in breaking a quorum is to prevent Republican legislators from participating in the election of Democratic primary election commissioners.

## Congress Ends Thursday; Much Unfinished Business

WASHINGTON, March 1.—The Sixtieth Congress will come to an end next Thursday noon, with the inauguration of Taft and Sherman. Until that time business in both houses will be in a hurly-burly condition with conference reports on appropriation bills the principal order of business.

All of the big supply bills have been passed by the House and all but the sundry civil, military academy and general deficiency bills by the Senate. The supply measures in conference are the legislative, executive and judicial; the pension, army, agriculture, fortifications and rivers and harbors appropriation bills.

An effort will be made in the Senate by Senator Heyburn to have the con-

ference report on the penal code bill adopted, but some opposition is anticipated. In the House it is expected the question of changing the rules to establish a calendar day for the consideration of bills will be taken up today and tomorrow an effort will be made to pass the Senate bill providing for subventions to mail-carrying vessels between United States ports and South America, Japan, China and Australia. The passage of the bill will be stubbornly resisted.

The Appalachian and White mountain forest reservation bill will receive first attention from the House. The Senate will meet in special session Thursday to consider Presidential nominations.

### HAMPTON TALKS OF FEDERAL BUILDING

HAS BEEN IN NATIONAL CAPITAL  
FOR PAST SEVERAL WEEKS.

Handsomest Government Building  
Ever Erected Under the Present  
Administration.

.....  
"Gainesville will have the handsomest and best public building ever erected under the present administration"—B. F. Hampton.  
.....

B. F. Hampton, secretary of the Gainesville Board of Trade, who has been in Washington for the past several weeks assisting in the final adjustments of the new Federal building, has returned and talks interestingly of the work soon to commence.

"The exterior finishings of this building," said Mr. Hampton, "will be of Indiana limestone and will present a handsome appearance, it being cut out in the rough and fully as serviceable as marble, but not quite as handsome.

"In order that work could be commenced on this building this year it was necessary to make some changes, but it will in no way detract from the substantiality of the building, which will take up the entire appropriation of \$150,000.

"The interior is to be finished up with marble wainscoting, brass and bronze, and when completed will be fire-proof throughout, being a building of two stories and basement and running 62½x120 feet over all.

"There has also been an additional appropriation of \$25,000 asked for which, if secured, will be used to purchase furniture for the building, and from this amount a very fine article can doubtless be purchased."

and it is believed that this price will be raised within the next few days, as the Northern market is showing firm, the sales being around \$2.50 and up.

At the best, very few of the growers ever realize much more than a living out of the various vegetables, but it looks as if the cabbage crop will be their salvation this season, with from the cukes and 'lopes yet to be heard from.

This will prove gratifying news to the numerous business men who have advanced money on this crop, and it will also assist in the local trade as the money that will be realized for this particular item alone will be quite large.

If you have lost or found anything do not fail to keep your eye on the classified advertising column.

## FIVE SOLID CARS TO FOREIGN PORTS

BROWN-JENINGS HARDWOOD CO.  
ADVERTISING GAINESVILLE.

This Company Have Now Made Arrangements to Ship Their Orders Through Southern Ports.

Few people realize the importance of the Brown-Jenings hardwood factory located in the southern part of the city, but it is one that is probably receiving more foreign business than any other concern in this State.

During the past week they have shipped five solid cars which were especially for the foreign trade, and this is not an occurrence that happens just now and then, but they are receiving at all times orders from foreign countries for the Florida product of hickory, oak and ash.

Among the shipments made the past week was three cars for Hamburg, Germany, which were ordered by the government for special purposes, it having been discovered that this material will last better and be more serviceable than other materials that have heretofore been used.

Two cars were shipped to Christiana, Norway, and this material will be used principally for skis (snow shoes).

Besides the shipments that are sent to foreign countries the firm are at all times busy cutting special orders for the local trade and ship a large amount of the material cut up for shafts, spokes and rims, which is afterwards steamed and put in the proper shape by the factories buying it.

### OPENING BIG SUCCESS.

Mrs. McCormick Crowned With Glory on Her Festival Monday.

The grand millinery opening of Mrs. J. T. McCormick on Monday afternoon at 2 o'clock was the crowning event of all her past experience, and she frankly admitted that she had had the most successful event of her business career.

All former openings of Mrs. McCormick have proved pleasant and profitable, but nothing like her present arrangement and stock has been seen here, and the ladies were loud and liberal in their hearty appreciation of the great undertaking she had taken in securing such lovely creations in headwear.

It would not be amiss to mention a few of the special articles that caused considerable comment, chief among them being the Willow plumes in white and bronze colors; jet hats, braid hats, paradise egrets, and the numerous draperies and articles of whole fruit—apples, peaches, grapes, pines and the natural oranges—with an assortment of flowers that it would be difficult to again duplicate, ranging in price from \$9 down.

Special attention was directed to the lovely display of picnic hats, shown in all the shapes, including the basket form filled with lovely artificial creations that resemble the real article.

The opening continues, and while it looked for awhile yesterday that all of Gainesville was in attendance we know it was impossible, and she anticipates doing a greater business during the succeeding days, for she says she has a hat for every face in Gainesville, and if you don't believe it just call around and be convinced.

### CLOSING OF CHAUTAUQUA.

Sunday a Day That Will Be Long Remembered.

Sunday afternoon and evening will long be remembered by the large crowd that gathered at the Tabernacle to hear the closing of what has proven the most successful and best program yet rendered by the board of managers of the mid-winter festival for the good of the people and Gainesville in particular.

The meeting at 3:30 advertised was largely attended and was led by Rev. E. R. Belk, who delivered an able sermon on the Chautauqua and its good influences. The night services were even more largely attended, when Rev. W. H. McMaster, field secretary for the South of the American Sabbath Union, made a most impressive talk along the lines of his work.

If you have found anything see if it is advertised in the Want column.

## PORTLAND, MAINE, CHILD Ill, Weak and Emaciated, Restored to Health by Vinol

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover.

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could." J. W. Flagg, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

VINOL is sold in Gainesville by W. M. Johnson, Druggist.

## NEWS OF CITY AND COUNTY CONDENSED

A. J. Gill of West Lake has returned to his home after a short visit here to his son, W. T. Gill.

Miss Nettie Reeves, who has been visiting in the city for some time, returned to her home yesterday.

J. H. Rickerson, sheriff of Suwannee county, with headquarters at Live Oak, was in the city yesterday.

Capt. G. M. Lynch left yesterday for Palatka, where he goes in the interest of the public schools of the State.

Royal Cook left yesterday for the markets. He will first visit Washington, however, and take in the inaugural before proceeding to the markets.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Kans.

Chas. Brabham, who has been in the employ of The Sun for the past several months, has resigned and returned to Ocala. He has numerous friends here who will regret his departure.

W. R. Witherspoon of High Springs left for that place Sunday after a short visit here to his mother, Mrs. S. M. Witherspoon. He has been doing relief work at St. Petersburg for the past few weeks.

B. Edelstein, who has been spending the past several weeks in this city visiting his two sons, Moses and David, departed yesterday for his home in New York City. He conducts a wholesale business exclusively in the great metropolis.

B. W. Fontane of Micanopy was a visitor to the city yesterday. He is now among the most extensive truckers of the Micanopy section, but cannot resist his old following of the phosphate business to totally abstain from making a few locations occasionally.

Mrs. J. W. Tench, accompanied by her friends, Mesdames M. E. Lynch, G. L. Rowson and little son, left yesterday for St. Augustine and Jacksonville, where they will visit among relatives for a few days. Her guests will proceed to their home, while Mrs. Tench will return to the city next week.

R. D. Medlin, Geo. L. Taylor, J. E. Wells, Senator McCreary and son, E. W., have returned from Jacksonville, where they went to witness the collision of the two railroad engines. "Uncle Bob" says that a collision of two boys on velocipedes would have created more excitement than this greatly advertised affair. It was exceedingly "tame," neither of the engines being derailed or damaged beyond repair.

## JOE COOPER CHARGED WITH SELLING BOOZE

ARREST MADE BY CONSTABLE DICKSON.

Defendant Waived Examination and Will Give Bond of \$150 for His Appearance.

Joe Cooper, a darkey from the country, was arrested Saturday night by Constable Robt. Dickson, who charges that he sold "booze," having caught him on West Liberty street.

Dickson says that he caught the darkey in the act of exchanging the whiskey for the money and has witnessed to prove what he says in the matter.

The darkey, through his attorney, waived examination and will give bond for his appearance at the next term of circuit court, which convenes here in May.

Dickson claims that he also knows the party who bought the whiskey, and he has stated to the judge that he purchased the "fry" article, hence it looks as if the evidence is very strong against the peddler.

### DEATH OF MRS. ROUX.

Gainesville Lady Expires Very Suddenly Sunday Evening.

The news of the sudden death of Mrs. Hannah J. Roux, the beloved wife of Mr. L. T. Roux, was a shock to the many citizens and friends of the family in Gainesville, the death having occurred on Sunday night at 10 o'clock from a complication of diseases.

While she had been unwell for a number of months she was considered to be on the road to recovery, and each week was showing considerable improvement in her condition, and even up to within a short while before her death she was chatting pleasantly with her family and was seen on the streets on Sunday afternoon in her usual pleasant mood.

Besides a devoted husband she leaves two brothers, E. C. and R. E. McMahan, the latter residing in South Florida, two sisters, Mrs. Hodgson at Williston and Mrs. F. W. Hall of Illinois, and three children, Fred S., John E., and Mary E. Roux.

She was united in marriage to Mr. Roux in September, 1884, at South Lake Weir, her father, Rev. J. A. McMahan, performing the ceremony, he being a Cumberland Presbyterian minister. The greater part of her married life had been spent in this city, and it was here she had learned to love the people and joined the church being a faithful and earnest worker up to within a short while of her demise.

The following gentlemen have been requested to act as pall bearers and meet at the undertaking parlors of R. McClellan at 2 o'clock today: S. J. Burnett, Dr. J. H. Alderman, A. M. Cushman, M. B. Saunders, A. G. Colclough and J. R. Eddins.

Services are to be conducted at the Presbyterian church at 2:30 o'clock, Rev. T. P. Hay preaching the sermon, which will be concluded at the burial ground in Evergreen cemetery.

### Attention, I. O. O. F.

All members of Center Lodge No. 11, I. O. O. F., are urgently requested to assemble at the lodge-room this afternoon at 2:15 o'clock to attend funeral services of Mrs. L. T. Roux. By order J. H. MORTON, N. G.

### W. O. W.

Members of Alachua Camp, W. O. W., will please meet at lodge-room promptly at 2:15 this afternoon preparatory to attending funeral of Mrs. L. T. Roux. DRAYTON AVERA, C. C.

## NEWS FROM ALL PARTS OF FLORIDA

A large brush factory is to be the latest thing for Sanford.

Punta Gorda is promised an electric light plant by the 15th of May.

A baby show will be given in Palatka for the benefit of the Putnam County Hospital.

The best celery crop ever grown in Sanford is moving Northward. There will be over fifty cars of celery shipped this week.

For the second time within two weeks the store of the Tampa Hardware Co. has been burglarized. Shotguns was the plunder taken the last time.

An attempt was made to burglarize the Sanford postoffice Friday night but the would-be burglars were frightened away by the assistant postmaster and W. S. Thornton.

An accident occurred in Palatka last Thursday which caused the death of Clarence Whistley at the Ellwood boat house. The young man was at the house by himself and the particulars will never be known.

Z. Phillips, who formerly operated a novelty works in Orlando, was hurt last Friday in Tampa by the explosion of a soda water bottle, a piece of flying glass hitting him on the temple and cutting an artery. He was attended by Dr. Wells and will be none the worse for the accident.

Aunt Dorcas Bryant, one of the old-time slave mammys, who was always doing good deeds, has passed to her reward at the age of 86 years. She had lived in Tampa and vicinity for about 40 years. She was one of those good old souls who knew no color line when good deeds were needed, and many white people are indebted to her for charitable acts that were denied them by their own race.

Harold Mosely, an employee at the Daughtery stables in Lakeland, was shot last Saturday and died before medical aid could be had. He had driven over to the Hancock place with a couple of women, and for some rea-

## INTERESTING FACTS

**J. W. McCollum & Co. Offer to Cure Catarrh—The Medicine Costs Nothing If They Fail.**

When a medicine effects a cure in 98 per cent of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not cure catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people of Gainesville to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physician whose specialty was catarrh, and who has a record of thirty years of cures to his credit.

We sell more bottles and receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh medicine we would have any demand for.

Rexall Mucu-Tone is quickly absorbed and carried by the blood until it thoroughly disinfects and cleanses the entire mucous membranous tract, destroys and removes the parasites which injure and destroy the membranous tissues, soothes and heals the irritation and soreness, stops the mucous discharge, and builds up strong, healthy tissue, relieves the blood and system of diseased matter, stimulates the mucous cells, aids digestion and improves nutrition until the whole body vibrates with healthy activity. In a comparatively short time there is a most noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Mucu-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucu-Tone in two sizes, 50c and \$1.00. J. W. McCollum & Co., corner East Main and Union streets.

son was ordered out of the house. As he was getting into the carriage a shot was fired which entered his back. He drove hurriedly toward Mulberry, about three miles distant, but died before getting there.

### Chambers' Menagerie.

Hamp Chambers of the Ocala fire department has started a small menagerie in his city that far exceeds the one owned by Manager J. A. Ettel in Gainesville some time since. He has three deer, two monkeys, a bald-headed eagle, two monkey-faced owls, one coon, guinea pigs, and a catamount, which has recently been captured, will be added to the list within a few days. He is exceedingly proud of his pets and while feeding them the enclosure is usually lined with strangers seeing their "antics," they having been taught to do various and sundry tricks for their food. It is understood that the council there will assist him and put in a large zoo for the entertainment of the visitors and public generally.

### Race Suicide

Is not nearly the menace to increase in population that deaths among infants are. Eight out of ten of these deaths are directly or indirectly caused by bowel troubles. McGee's Baby Elixir cures diarrhoea, dysentery, sour stomach and all infant ailments of this nature. Just the thing for teething babies. Price 25c and 50c per bottle. Sold by W. M. Johnson.

### Why the Old Man Danced a Jig.

"What's Susie crying about?" asked the old farmer as he rubbed the tallow on his copper toed boots. "Poor gal!" said his sympathetic wife. "Wind swept through the parlor and blew all her planner music away." The old man jumped up and danced a jig. "Praise to glory!" he shouted. "And now if a cyclone comes along and blows away the planner we sartainly will have something to be thankful for."—Boston Post.

## HIGHLY ENTERTAINED AT LAKE SANTA FE

MELROSE, Feb. 27.—One of the most successful and enjoyable fish fries had during the past few years was given at Baron von Lutichau's "Belvedere Grove," on the shores of Lake Santa Fe, on Thursday. Over thirty guests were present from Melrose, Orange Heights, etc., who were all most cordially received by their host and hostess and Mrs. S. B. Drew. The trip across the beautiful lake had sharpened all appetites, and a grand thing it was, too, for instead of the simple fish fry promised a most bountiful five-course luncheon was daintily served under the well-known oak tree, and a full justice done to by all present. The punch deserves special mention and the recipe was in great demand. During the afternoon the ladies indulged in a delightful game of progressive euchre, with pretty prizes for the winners. While the non-players rambled through the extensive citrus grove and admired the many fine azalea and japonica bushes in full bloom. The former were seen to much advantage in the decoration scheme of the drawing-room, where their dark pink flowers were used in great profusion. Large bunches of these were afterwards presented to the departing guests, who were unanimous in their expressions of thanks to their host and hostess for an exceedingly pleasant day.

At the annual business meeting of Ladies' Literary and Debating Society held on Friday afternoon the following officers were elected: President, Mrs. J. A. Rammel; vice-president, not filled; secretary, Mrs. J. W. Johnson; treasurer, Mrs. E. J. Whitehead. Mrs. J. A. Rammel was elected a trustee in place of Mrs. S. Rose.

A. A. McRae shipped 25 bales of cotton to Savannah during the week.

L. M. Pearsall's motor boat, "Indian Princess," is on the ways for repair.

Mrs. Thos. E. Cole of Bethlehem, Pa., is a new guest at the Huffman House.

No less than ten drummers took dinner at the hotel on Friday.

### Early Methods of Curing Skins.

The original process of curing skins was probably the simple one of cleaning and drying them. Removal of the hair by maceration in water seems to have been common among the very early tribes, and one writer has suggested that the idea was obtained from the natural process of depilation. They must certainly have been familiar with it in the case of drowned animals, where maceration can be plainly observed. Following this smoke, scur milk, oil and the brains of the animals themselves were found efficacious. Many of these primitive methods are employed in remote places at the present time.

## SICK HEADACHE

Sour Stomach, Heartburn, Canker Sore Mouth Cured by Mi-o-na.

Sick headaches are caused by indigestion and a general disturbed condition of the stomach.

Cure the indigestion, and the headache, nausea, heartburn, sour stomach, and that "all in" feeling will vanish.

Mi-o-na tablets will cure indigestion or any other stomach trouble. They will relieve almost instantly. J. W. McCollum & Co. have so much faith in them that they will give your money back if they don't.

Mi-o-na cures by making the stomach strong enough to produce enough gastric juices to digest all the food you want to eat. It promptly puts new life and energy into the overworked and played-out walls of the stomach.

Use Mi-o-na for a week, and you can eat what you want any time you want it, and take pleasure in doing it.

Your blood will be richer, redder, purer after taking Mi-o-na, and it only costs 50 cents a large box.

"I was speedily cured of stomach complaint by Mi-o-na. Anything I can say in favor of Mi-o-na is not too strong."—William Hess, Benton Harbor, Mich.

## S.S.S. THE REMEDY FOR SORES AND ULCERS

The combination of healthful vegetable ingredients of which S. S. S. is composed, makes it an especially desirable and effective remedy in the treatment of sores and ulcers of every kind. Since an impure condition of the blood is responsible for the trouble, a medicine that can purify the blood is the only hope of a successful cure; and it should be a medicine that not only cleanses the circulation, but one that at the same time restores the blood to its normal, rich, nutritive condition. S. S. S. is just such a remedy. It is made entirely of healing, cleansing vegetable properties, extracted from nature's roots, herbs and barks of the forest and fields. It has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity in the blood. When S. S. S. has purified the circulation, and strengthened and enriched it, sores and ulcers heal readily and surely, because they are no longer fed and kept open by a continual discharge into them of irritating disease-laden matter from the blood. S. S. S. brings about a healthy condition of the flesh by supplying it with rich, nourishing blood and makes a permanent and lasting cure. ## TELEPHONE TALKS

### The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate, and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

A New Jersey man has been killed by taking a drink of water. Such a calamity as this has never occurred in Kentucky.

The Springfield Union wants to know how a man sixty-five years old could have voted for Lincoln? We don't know, but we are acquainted with women only thirty years old who were born before the war.

The fact that it is necessary to deepen a section of the Panama canal serves to emphasize the difference between our navy now and the navy of Lincoln's time, when it was said the American fleet could go wherever the ground was a little damp.

A Chicago statesman wants to have an obligatory prefix to the names of all men that will show whether they are married men or bachelors. In this day, when all the married men live like bachelors and all the bachelors live like married men, some such designation would be useful if not necessary.

Why organize conventions, national, continental and international, for the preservation of natural resources without removing prohibitive tariffs on iron, steel, coal and lumber? The removal of these tariffs would protect these natural resources more than all the speeches and messages that Mr. Roosevelt and all the activities of the States and of Forester Pinchots.

When one contrasts Abraham Lincoln, born and reared in poverty, overcoming all kinds of hindrances and rising to the Presidency, with the pampered youths born and reared in affluence to spend their days in idleness and dissipation, one cannot but think that if they, too, had been born in a log cabin in the midst of a primeval forest it would have been better both for them and society.

It is good to see how the conscience of the nations has developed on the opium question. England itself has traveled a long way in ethics since she made war with China in 1840 in order to force the opium trade upon that country. The opium habit is ruinous to those addicted to it and the present effort of China to destroy the traffic, and of the other nations in co-operating with her, should be rewarded with success.

Domestic happiness does not depend upon the size of one's house or the number of rooms in it, but upon the spirit that pervades the home. A mansion filled with the most costly furniture and rare works of art gives no happiness if jealousy, coldness and inconsiderateness exist. But an humble cabin, sparsely furnished, will be transformed as into a palace, by a magician's wand, if love, sympathy and helpfulness dwell there.

The investigation as to the cause of the recent crib disaster in the lake at Chicago, by which sixty people lost their lives, is ended and, as was freely predicted, no one is blamed for the disaster. The jury, however, made a number of criticisms, and also some recommendations, which, if carried out, will probably insure greater protection for the workmen. To an outsider the verdict of the coroner's jury seems to be "not guilty, but don't do it again."

## CALLING A HALT.

An encouraging manifestation of the growing reaction from unreasoning agitation against organized business of the last few years appears in a preamble and resolutions just adopted by the Indianapolis Board of Trade. After pointing out that common carriers, together with our great manufacturing industries, constitute the principal purchasing and consuming interests, besides being the largest employers of labor, and that legislation to restrict their ability to make purchases and give employment to wage-earners would be detrimental to the common good, the resolutions appeal to the Legislature "to refrain from enacting legislation that will inevitably result in curtailing the ability of such companies in their efforts to extend and carry on their business and overcome the depression that they have labored under for the last year, believing that if this request is complied with it will in a great measure help to restore general business conditions in this State and in the entire country."

This utterance is an appeal to reason, and expresses a sentiment which is daily growing stronger. The tardiness of the business revival is due no doubt in considerable degree to the uncertainty as to what is to be done in the matter of tariff revision, but it is probably attributable in large measure to the fear of oppressive and ill-conceived legislation.

Natural conditions throughout the country are indisputably sound, but we cannot afford to embarrass the development of productive enterprise by subjecting it to arbitrary and repressive laws in States where further development is most urgently needed.

The Indianapolis Board of Trade sets a good example for other powerful commercial organizations throughout the country. Similar and concerted action by such bodies might accomplish results which other agencies have thus far failed to produce.

## CURRENT COMMENT.

The Louisville Courier-Journal says: "If Mr. Roosevelt had been a lawyer in the first place, and a good enough lawyer to have been a corporation lawyer, in the second, the chances are that we would have had a more constitutional and a less impulsive government the past seven years, and, moreover, that his efforts at reform would have been more effective and less destructive."

The Montgomery Advertiser says: "One report is that Senator Hale and Speaker Cannon have assured Mr. Taft that the tariff will be revised and ready for business by June 1. Another tells us that there is to be a 50 per cent cut in the Dingley tariff duties on iron, steel, glass and lumber. Our private opinion is that both these reports are to be taken with a large degree of allowance, judging by those who will control the tariff matter."

The Philadelphia Record says: "As the 4th of March approaches a few Senators and a good many Congressmen are looking forward to a permanent divorce from the nation's payroll. Their colleagues will naturally make their drop into obscurity as easy as possible, and provide such consolations as the circumstances will permit for their bereavement in the loss of their salaries. A number of commissions will be created with the expectation that they will be filled with members of Congress who were not re-elected."

The Hartford Times (Dem.) says: "The new tariff measure which the Ways and Means Committee has prepared will be ready on the 10th of March, five days before the opening of the special session of the Sixty-first Congress, and will probably be introduced in the House on the first day of the session. It is expected to pass."

the House before the first of April and then to hang for two or three months in the Senate. No reductions that can be called radical have been made by the committee, and it is believed that in the main the duties will stand about as they are now. This is known to be the committee's recommendation in regard to cotton and silk goods. There will be some concessions on steel, paper and raw hides, but the bill will be a thoroughly protectionist measure throughout."

When people learn to rely upon others to do their thinking for them, or for support, they are sure to lose individuality, self-reliance and courage, and the desire and ability to take the initiative on occasion. This is said to be the reason why the people who live in the region devastated by the Italian earthquakes have lost heart and show but little disposition to recover from the effects of that great calamity.

Most people wish for success in life, but success can never be secured by merely wishing for it. The way to gain it is by being ready to use the opportunities when they come.

## NATURE SPARES

### The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## FOR CITY MARSHAL.

To the Voters of the City of Gaines-  
ville:I am a candidate for City Marshal,  
for re-election on April 13. I have  
served the people faithfully and ef-  
ficiently, night and day, and my record  
is open for inspection.If my service during the past year  
has been satisfactory I ask the sup-  
port and vote of each and every citi-  
zen who is qualified. I can only  
promise the same service as I have  
endeavored to give in the past.

Yours for order,

BEN T. ARNOW.

I take this method of informing the  
public that I am a candidate for City  
Marshal at the election to be held on  
April 13, 1909. I respectfully solicit  
the support of all voters, irrespective  
of party affiliation, and promise to  
faithfully and impartially discharge  
the duties of the office should I be  
elected. Respectfully,

CHAS. C. WARREN.

I respectfully announce myself a  
candidate for the office of City Mar-  
shal, to be voted for at the election  
on April 13, 1909. If elected I will  
faithfully discharge the duties of the  
office without fear or favor. I re-  
spectfully solicit the votes of all, ir-  
respective of party affiliation.

## FOR TAX ASSESSOR.

To the Voters of the City of Gaines-  
ville:I respectfully announce myself a  
candidate for City Tax Assessor for  
the year 1909. Having been Tax As-  
sessor for four years, I am fully pre-  
pared to fill the office, as my record  
will show, the city assessment hav-  
ing been increased in that time from  
a little over \$600,000 to over \$1,000,000.  
I was prevented from running for this  
office last year on account of sickness,  
and now respectfully solicit your  
votes.

W. M. BRADFORD.

To the Voters of Gainesville:

I hereby announce that I am a can-  
didate for re-election to the office of  
City Tax Assessor for the year 1909,  
in the election to be held on April the  
13th, and most earnestly request you  
all to give me your vote and support  
for the position.Thanking you for your past endorse-  
ment, I remain, Yours very truly,

B. R. COLSON.

## A Swollen Jaw

Is not pretty nor pleasant. Whether  
it's caused by neuralgia, toothache or  
accident, Ballard's Snow Liment will  
reduce the swelling and relieve the  
pain. The great and sure cure for  
rheumatism, cuts, burns, bruises,  
scalds—any and all aches and pains.  
Sold by W. M. Johnson.

## A Modest Request.

"My dear friend, I beg you to lend  
me \$50," wrote a needy man to an ac-  
quaintance, "and then forget me for  
ever. I am not worthy to be remem-  
bered."—Philippines Gossip.Where life is more terrible than  
death it is the truest valor to dare to  
live.—Browne.A healthy man is a king in his own  
right; an unhealthy man is an unhap-  
py slave. Burdock Blood Bitters  
builds up sound health—keeps you  
well.

## SORTING PEARLS.

The Gems Vary Greatly In Size, Shape  
and Quality.When the pearls are taken from the  
dead fish they are first sorted accord-  
ing to size. This is done by passing  
them through a set of ten small brass  
sieves, called baskets, with meshes of  
varying sizes. Pearls of the first class  
that are perfect both in sphericity and  
in luster are called ani. Those of the  
second class, that to the average ob-  
server seem equally without flaw, are  
anitari, and most of the pearls we see  
in the west and on general sale come  
under this head. Of the third class,  
called masauku, are those that are  
somewhat irregular in shape and a  
trifle off in color, but that are valuable  
for use in clusters and are largely  
used by eastern artificers in mountings  
of various sorts. Kural is the double  
or twinned pearl, which, when of good  
luster and sufficiently freakish shape,  
is sometimes enormously valuable. In  
this class the most wonderful spec-  
imen on record is the great Southern  
Cross pearl, which is in reality nine  
pearls naturally grown together and  
forming a perfect cross an inch and a  
half long. It was found off the coast  
of Western Australia in 1874. Many  
seed pearls and rejections, called vadiv-  
u, are generally ground into chu-  
nam and used as an ingredient in a  
favorite sweetmeat. From China also  
comes a heavy demand for seed pearls,  
and in India bushels of them literally  
are used in the decoration of idols and  
sacred images and of weapons as well.  
—Everybody's.

## Lovers

Of good health should prevent sick-  
ness instead of letting themselves get  
sick and then try to cure it. So long  
as you keep your liver, bowels and  
stomach in a healthy and active con-  
dition you won't get sick. Ballard's  
Herbine relieves constipation, inactive  
liver and all stomach and bowel trou-  
bles. Sold by W. M. Johnson.

## The Swaffham Tinker and His Dog.

Two quaint figures are carved on the  
two top pews and reading desk of  
Swaffham church. According to leg-  
end, a tinker had a dream bidding him  
go to London bridge and a stranger  
would reveal to him how to find a pot  
of money. So off he went with his  
dog, and at the bridge a stranger  
stopped him, saying, "Last night I had  
a dream bidding me go to Swaffham  
and dig in such and such a place and  
there find a pot of money, but I don't  
believe in dreams." Then back went  
the tinker, dug for and found the pot  
as described and also an inscription  
bidding him dig deeper, which he did,  
and found another, and with them re-  
stored Swaffham church. The carv-  
ings were put up to perpetuate his  
memory.—London Strand.

## For COLDS and GRIP.

Hicks' CAPUDINE is the best reme-  
dy—relieves the aching and feverish-  
ness—cures the cold and restores  
normal conditions. It's liquid—effects  
immediately. 10c, 25c and 50c at drug  
stores.

## All She Paid For.

On her way home from morning ser-  
vice Mrs. Scott complained to the friend  
who had joined her of the exceeding  
dullness of the sermon.  
"Yes, mamma, but it was very  
cheap," little Jimmy hastened to say.  
"You only paid a dime for it."

## What Ails You?

Do you feel weak, tired, despondent, have frequent head-  
aches, coated tongue, bitter or bad taste in morning,  
"heart-burn," belching of gas, acid risings in throat after  
eating, stomach gnaw or burn, foul breath, dizzy spells,  
poor or variable appetite, nausea at times and kindred  
symptoms?If you have any considerable number of the  
above symptoms you are suffering from bilious-  
ness, torpid liver with indigestion, or dyspepsia.  
Dr. Pierce's Golden Medical Discovery is made  
up of the most valuable medicinal principles  
known to medical science for the permanent  
cure of such abnormal conditions. It is a most  
efficient liver invigorator, stomach tonic, bowel  
regulator and nerve strengthener.The "Golden Medical Discovery" is not a patent medicine or secret nostrum,  
a full list of its ingredients being printed on its bottle-wrapper and attested  
under oath. A glance at these will show that it contains no alcohol, or harm-  
ful habit-forming drugs. It is a fluid extract made with pure, triple-refined  
glycerine, of proper strength, from the roots of native American medical  
forest plants. World's Dispensary Medical Association, Props., Buffalo, N. Y.

## Unappreciated:

The lady killer was boasting of his  
prowess."One girl whom I knew," he said,  
"actually died for love of me. I was  
her last thought."They eyed him malevolently.  
"I should think," remarked one of  
them, "that you might be anybody's  
last thought!"—New York Times.

## Professional Pride.

"I should regret very much to hear  
that anybody has ever offered money  
for political influence.""Yes," answered Mr. Graftwell,  
"your hearing of it would indicate very  
crude work on somebody's part."—
